

**YEAREND
AWARDS- 2025**

Medalist Medallion Award – Mike Nalewajka – Average Gross Score – 77.4

Hancock Award – Rich Romani – Average Gross Score – 79.3

Presidents Award In-County – Keith Rich – Average Net Score – 67.3

Cogdal Award – Bob Lakin – Average Gross Score – 76.2

Presidents Award Out-of-County – John Lust – Average Net Score 69.9

Consideration for a major award requires the member to participate in at least 70% of weekly medal play events of the event category (In-County & Out-of-County). Members' scores for the required number of events are then averaged to determine the average low gross and low net score for the award. If a member participated in more than the required number of events higher scores for the excess number of events will not be considered in the calculation.

To be considered for the Medalist Medallion the member must qualify for both the In and Out County awards.

Events where play was cancelled due to weather or cart path only restrictions imposed are not included in these calculations.

	Scheduled Events	Incomplete Events	Completed Events	# Events to Qualify
In-County	10	2	8	6
Out-of-County	15	1	14	10
